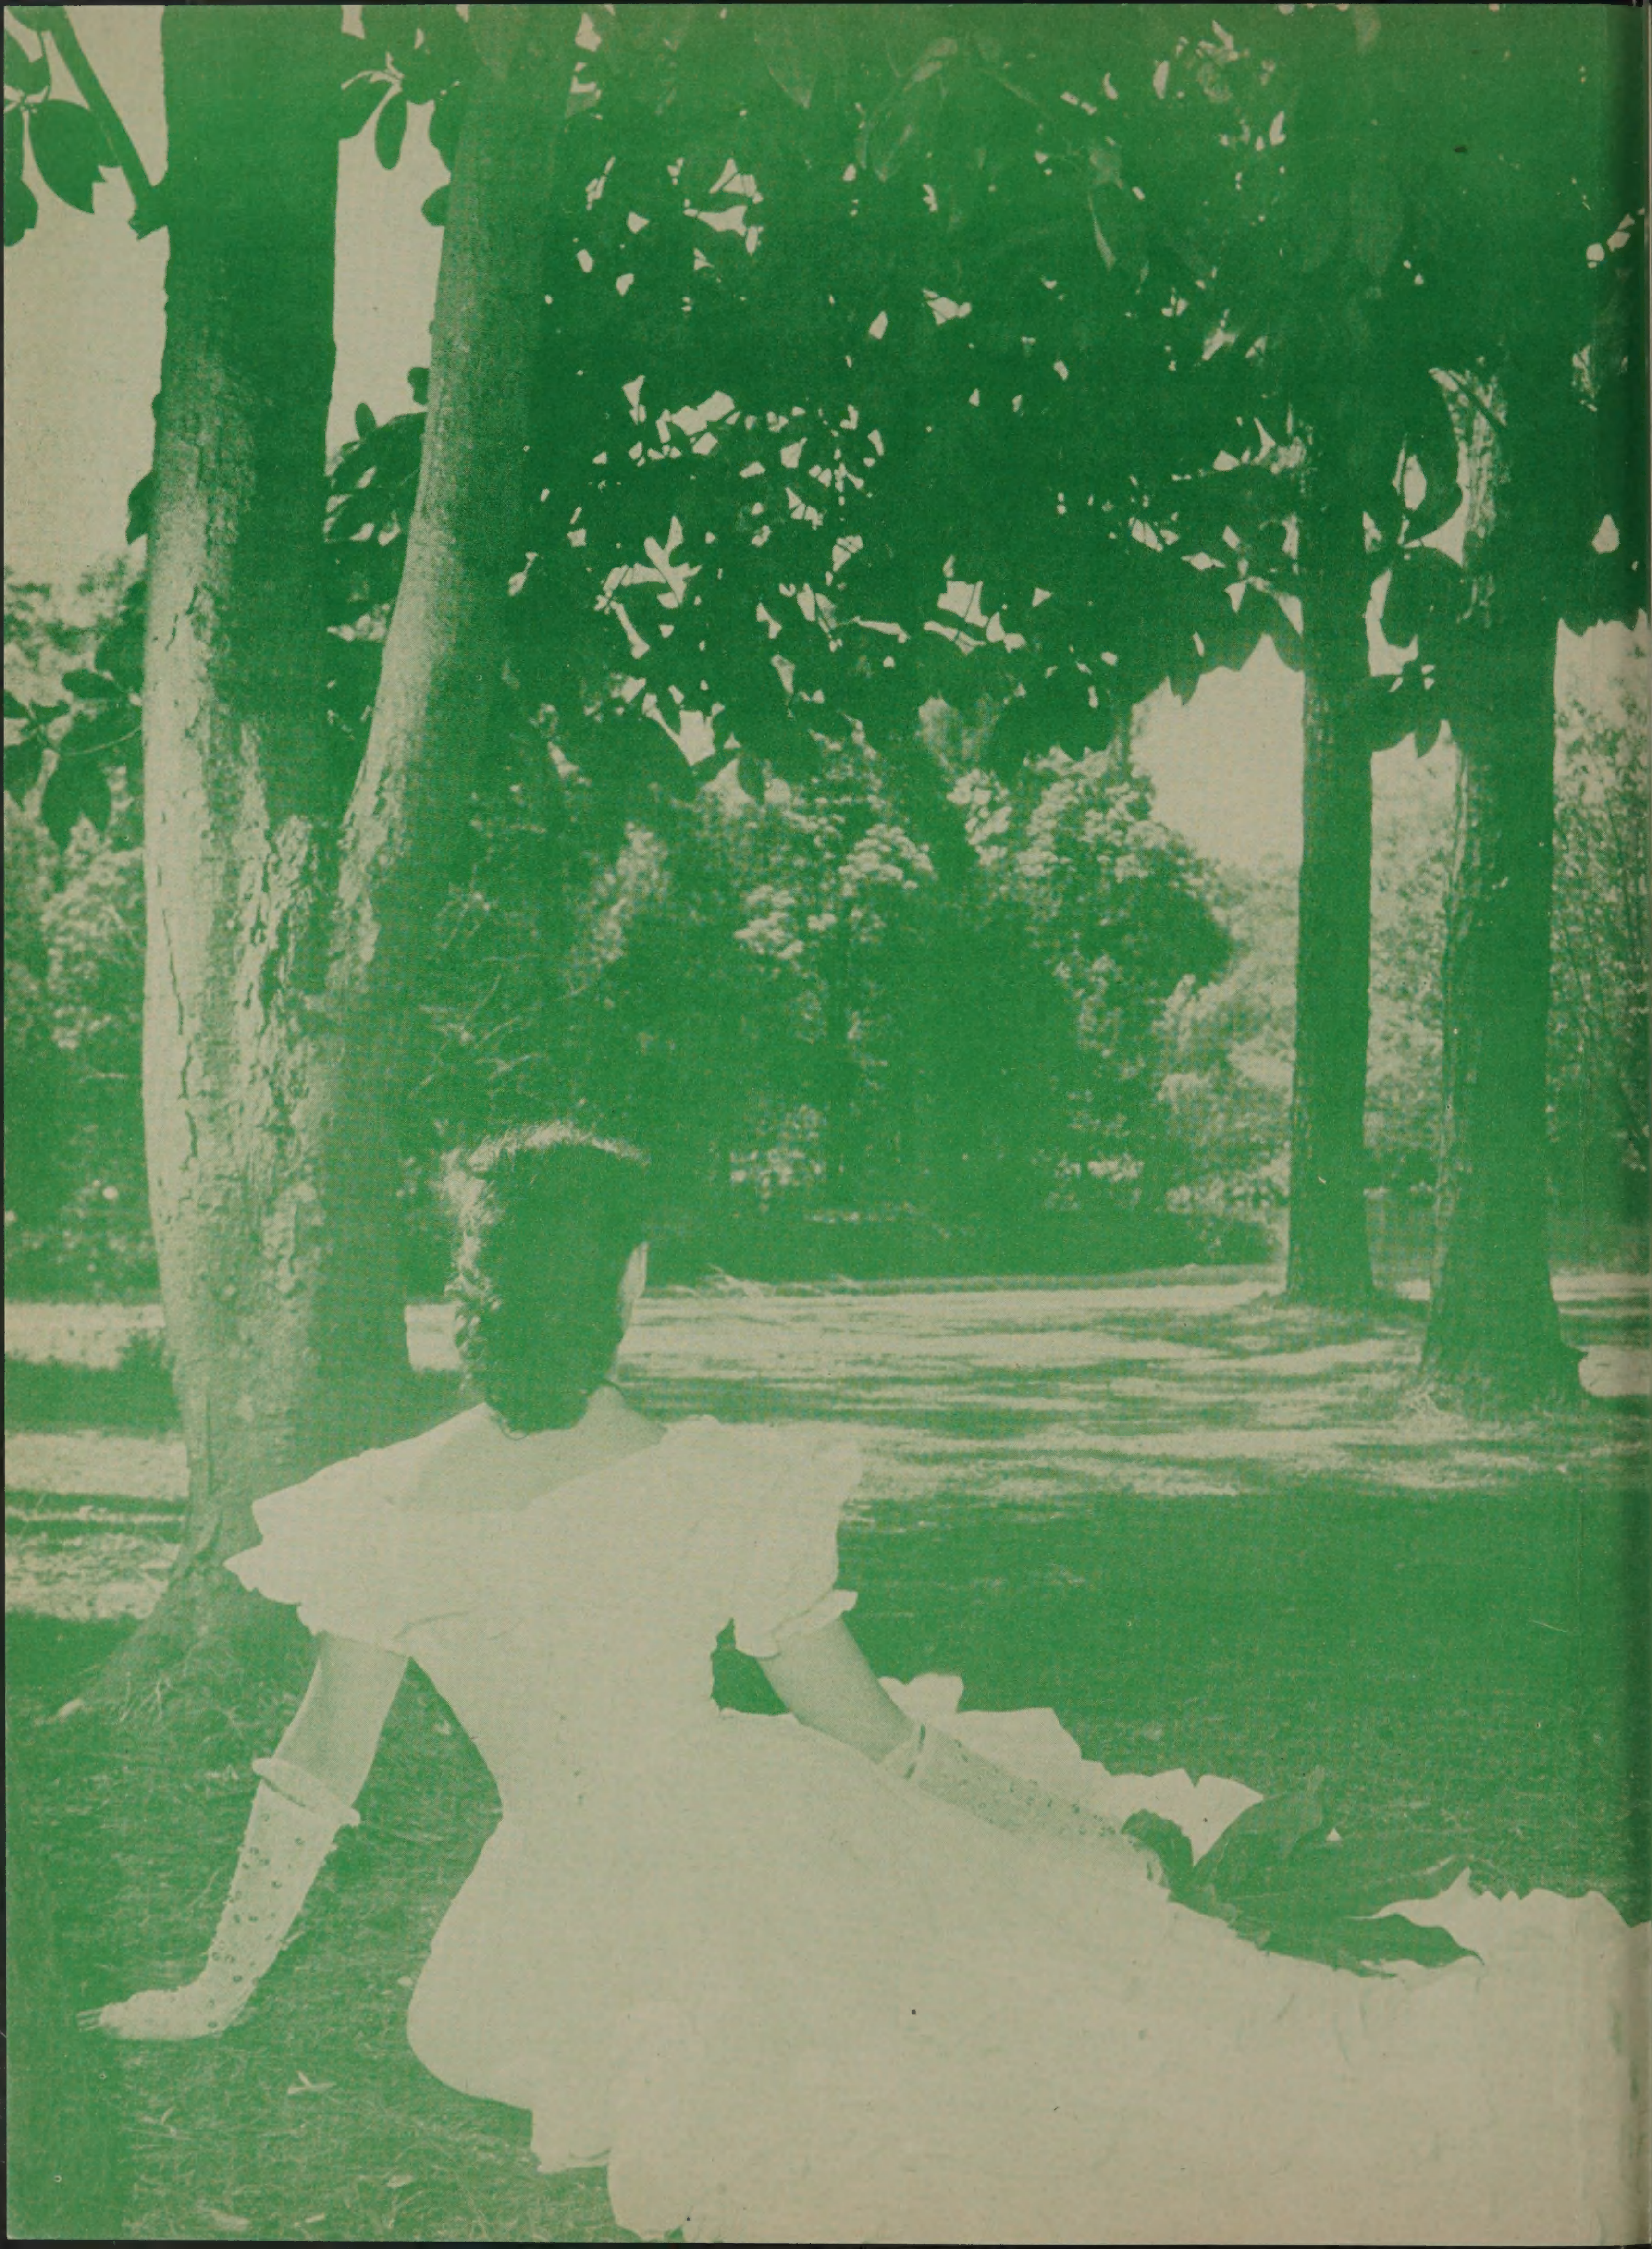
CAPS AND CAPES

1950

CHARITY HOSPITAL SCHOOL OF NURSING
New Orleans, Louisiana



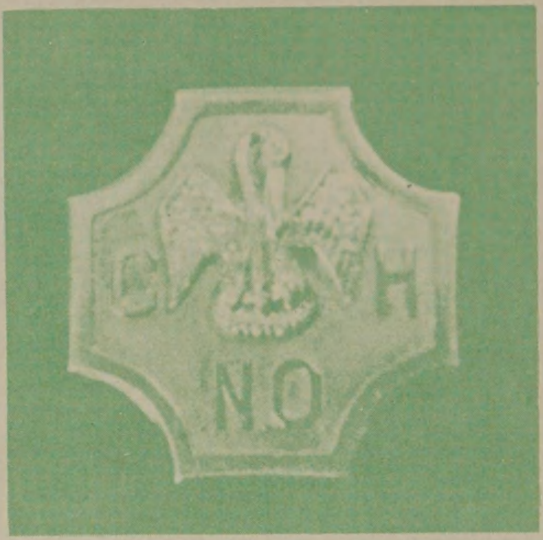
"Sing me a song of the sunny South,
One with a sweet refrain;
Sing me a song of Dixie land,
That I may be happy again."

George A. Morton

There is a cliche' to the effect that man is not able to see the woods for the trees. Such could be our case, for we are so much wrapped up in our interests, work, and living at Charity Hospital and its School of Nursing that perhaps we fail to observe the beauty, culture and other benefits of our surroundings here in the Crescent City. Therefore, the staff decided in this our 1950 CAPS and CAPES to use as our theme some phases representative of the City of New Orleans. Charity Hospital of New Orleans is located in "America's Most Interesting City"—New Orleans—the unique town located at the mouth of the majestic Mississippi in the very heart of the Deep South.

The magnolia, our state flower, adorns the cover; our beauties represent the anti-bellum Southern belles; our students take part in the Spring Fiesta and the Mardi Gras.

So pause for awhile with us, as we linger in the land "where the sweet magnolias bloom."



FOREWORD

"When Time, who steals our years away,
Shall steal our pleasures, too,
The mem'ry of the past will stay,
And half our joys renew."

Thomas Moore

Within these treasured pages this book was given life. People, events and memories are crowded together—all, a part of an unforgettable year.

The Staff

OUR SCHOOL

The Charity Hospital School of Nursing was organized in 1894 by the Hospital Administrators and by the Sisters of Charity, who have been caring for the patients of this institution by governmental authorization since 1834. Since 1937 the School of Nursing has been affiliated with Louisiana State University to offer the degree course.

The Charity Hospital School of Nursing is approved by the Louisiana State Board of Nursing Examiners. In the 1949 Classification of Schools of Nursing by the National Committee for the Improvement of Nursing Service, Charity Hospital School of Nursing ranked among the top 25 per cent of nursing schools in the country. It is approved by the Louisiana State Board of Education for veteran training under the provisions of Public Law No. 346.

MISS STELLA O'CONNOR

MISS STELLA O'CONNOR STUDENT ADVISOR

DEDICATION

Because she is such an understanding person, one who has shown unfailing interest in our many problems, we dedicate our 1950 CAPS AND CAPES to Miss Stella O'Connor. She truly exemplifies our ideal as a student advisor. She holds our respect and appreciation as well as our love and admiration.

APPRECIATION

To Miss Laurence Bernard—who has been not only our teacher but our friend and associate as well—we express this appreciation. Her entertaining personality and high principles and ideals have been, indeed, a stimulation to our professional and intellectual growth.

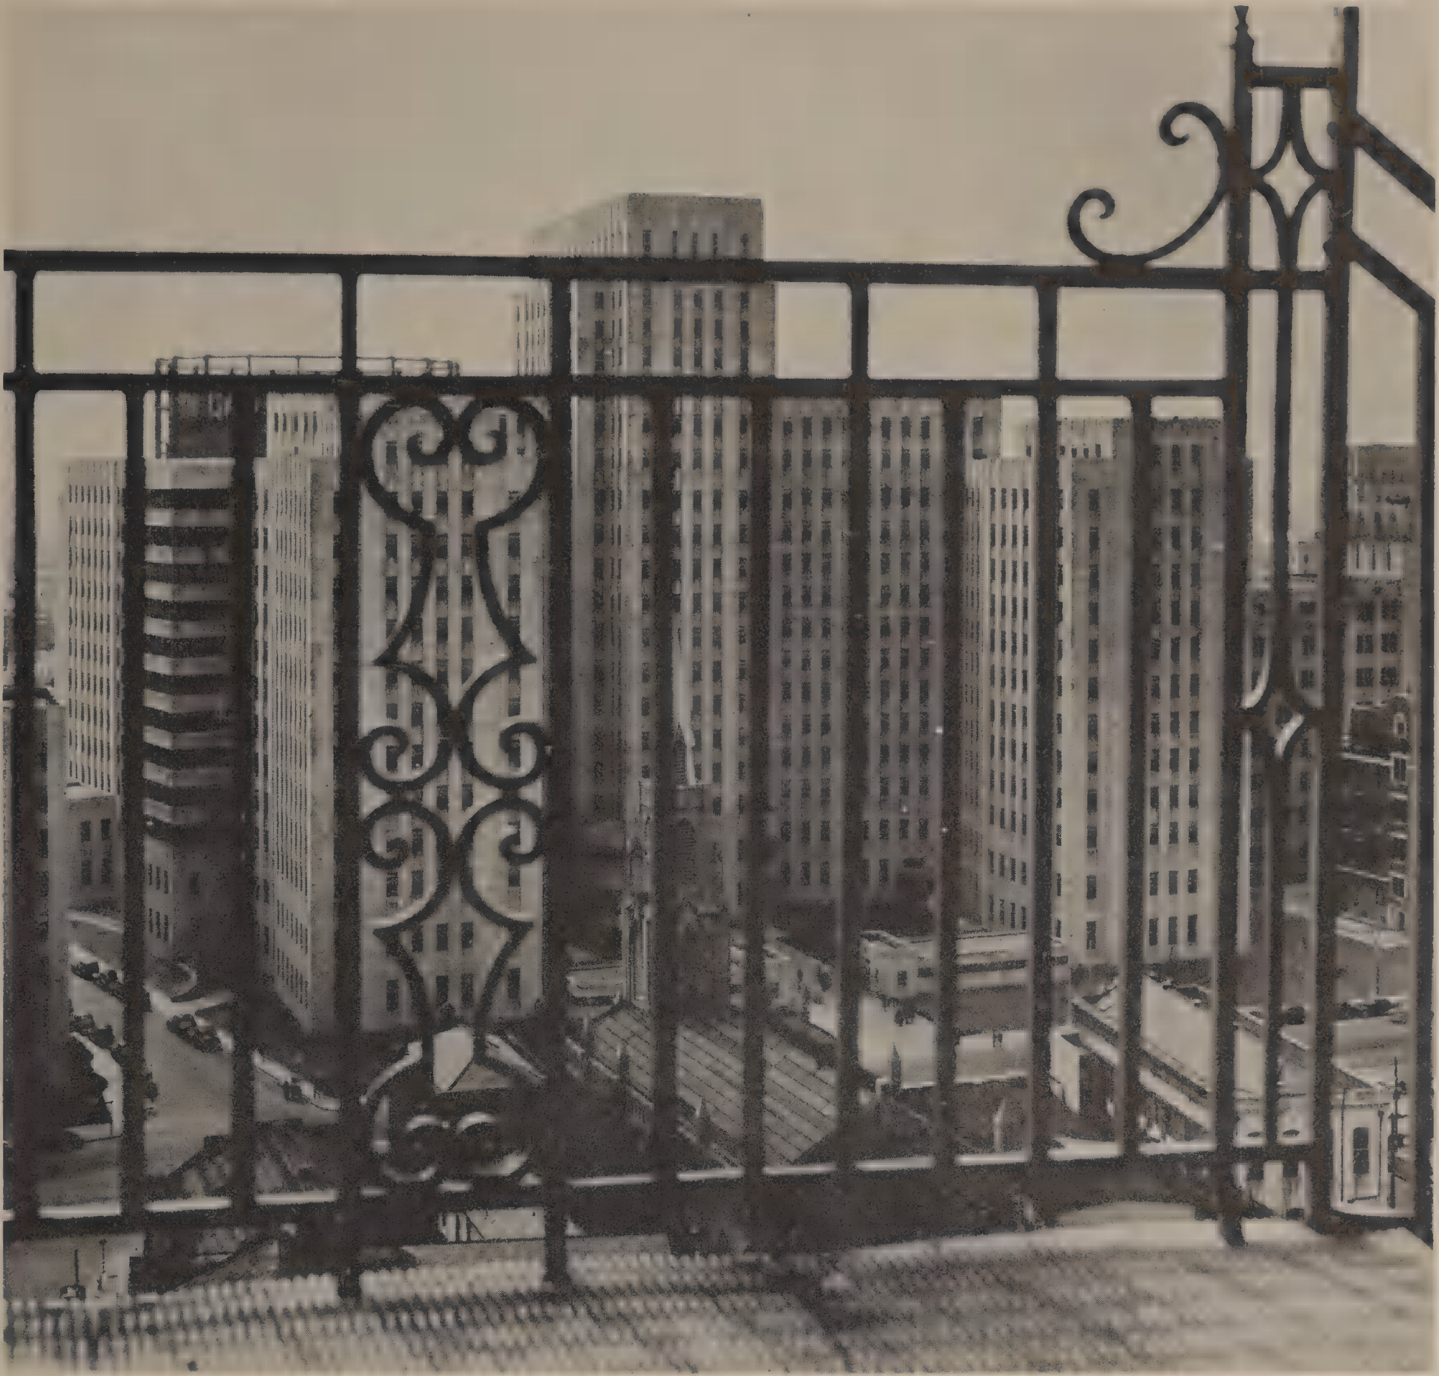
Historical Sketch of Hospital

In the year 1736 "l'hopital des pauvres de la charite" was established through the bequest of a sailor named Jean Louis. The structure, known as St. John's Hospital, is heralded as the original Charity Hospital of New Orleans and has been proved the oldest hospital in the United States. This building was replaced by a second hospital which was devasted by a hurricane in 1779 and rebuilt by the great philanthropist, Don Almonastery Roxas, a Spanish nobleman. An Act of the legislature of the year 1813 may be considered the incorporation of the Charity Hospital as an institution of the State of Louisiana. During the years that followed, New Orleans grew rapidly and it was not long before a larger and better equipped institution was needed. A new hospital referred to at the time "as a model of hospital architecture of the nineteenth century" was built during the years 1832-1833. On the site of the century old structure the present Charity Hospital rose



and was dedicated in 1939. The institution not only offers medical care to those in need, but stands as a great teaching center and affords great opportunities for medical education. It is a state-owned, non-sectarian, general hospital with a bed capacity of 3,488. The daily average number of patients is 2,148. During the year 1948 51,968 patients were discharged after treatment and care was administered. In the same year 365,580 visits were made in the out-patient department. Close relationship with the Louisiana State University School of Medicine and the Tulane University School of Medicine renders it a center of scientific research and progress. The hospital also provides experience for smaller schools of nursing which send their students for affiliation.

The Charity Hospital of Louisiana is fully accredited by the American College of Surgeons and is approved by the Council on Education of the American Medical Association. Membership is held in the American Hospital Association and Louisiana Hospital Association.

CAPS AND CAPES

Before you lies your 1950 CAPS AND CAPES—a book which will hold for you in years to come a recounting of your days here at Charity—your work and play, your associations with the many dear friends with whom you shared the joys and tribulations of becoming trained nurses. We, the Staff, have tried to capture within these pages a Treasure Chest of Golden Memories of 1950 through which you may relieve these experiences.

"Cruising Down The River"

In the old days people sang "Here Comes the Showboat." Today they say, "Let's take in an evening of dancing on the SS President." Charity has "caught the bug" and has made arrangements to have a night boat-ride on December 8. Tickets, which must be purchased in advance for 85¢, will soon be on sale in the hospital postoffice and at the nurses' home. Make a date to take in that moonlight ride on the "ole Mississippi" with the music of a well known orchestra wafting the air, along with dancing and refreshments. Who could ask for a more pleasant evening of fun?

The lounge is now open all during the day and evening. Welcome your friends, use the piano and radio and enjoy another of the comforts of our home.

STUDENT
COUNCIL

Student Council

Student Government plays a vital part in student life at Charity. Through officers and representatives elected by the students themselves a student council is formed. At weekly meetings of this group governing rules and penalties are enforced by the council. General student body meetings are held monthly, when students are urged and encouraged to aid in formulation of plans and in expressing their opinions regarding any matter concerning their welfare and happiness. Aside from the immediate benefits acquired from this system of self-government, students also develop a better understanding of laws, penalties and responsibilities, which will likely prove the basis for better citizenship in later life.
